A CENTURY  
OF HEALTH SERVICE

# TRANS

OF THE CHICAGO DENTAL SOCIETY

In commemoration of the A.D.A. Centennial  
we at Kennedy proudly salute these  
immortal dentists...

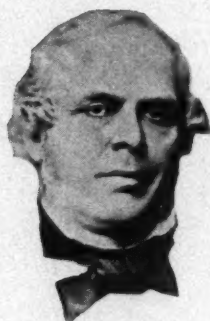

**H. H. HAYDEN**

Founder of the first national  
dental society, the American  
Society of Dental Surgeons.

**W. H. ATKINSON**

First president of A.D.A.

**C. A. HARRIS**

Founder of the first dental  
school in the world, at  
Baltimore.

Here are the champions of dentistry's richly deserved recognition. Through their tireless efforts and genius of foresight and organization, the profession of dentistry has achieved the status it enjoys today. We are proud to serve a profession with such a noble heritage.

## There are DISTINCTIVE ADVANTAGES

That added touch of quality you have come to expect from your dependable Vitallium laboratory is the result of many factors, not all of which are readily apparent.

There is more than meets the eye in Vitallium Partial . . .

For example, there is surveying of unequalled precision with THE MICRO-ANALYZER. It can measure undercuts as small as .02mm or .005 in., so small the eye can barely detect them. Yet undercuts like these can be important in the retention and esthetics of a case.

*More Vitallium Partials Are Prescribed Than*

## when you prescribe VITALLIUM® Partials

FLEXSEAL® pre-formed patterns provide the base with its basic essential framework. The use of Flexseal patterns results in a minimum of bulk. Only metal necessary for strength, stability and function is utilized.

For stress-relieving Vitallium free-end saddle partials, there is the remarkable "D-E HINGE" attachment. Proven as the ideal abutment safeguard in thousands of practical cases, the D-E Hinge is now regarded by the profession as the most popular stress-relieving attachment in dentistry.

**A NAME LONG ASSOCIATED WITH FAST, DEPENDABLE, PRACTICAL SERVICE IN THE SUCCESSFUL CONSTRUCTION OF PORCELAIN, ACRYLIC, PERMADENT JACKETS, AND BRIDGES.**

**RUBBER BASE IMPRESSION MATERIAL** has made it possible for you to have us run your models, construct your abutments and completely finish your gold bridges from one set of impressions. **TIME or DISTANCE** is no object now. **RUBBER BASE** impressions can be poured weeks later with no dimensional changes, and they will not be damaged or fractured in transit.

**FORTY PERCENT** of our laboratory business consists of small gold castings, such as gold inlays, gold three-quarter crowns, gold crowns, gold thimbles and gold bridges, constructed on hard die stone models made from **RUBBER BASE** material impressions. (The other sixty percent of our business consists of porcelain restorations.) These dental restorations make a hit with our customers because of their beautiful anatomical carvings and clean, tight margins. These same restorations make a hit with our customers' many patients because they only require two appointments.

## Chicago Dental Society Golf Outing

Orville C. Larsen, Assistant Editor

**T**he Chicago Dental Society's Annual Golf Outing was held on Wednesday, September 30th, this year, instead of on an earlier date as in former years. The Glendale Golf Club at Bloomington was the scene of the festivities and a nice crowd turned out to participate in a day of fun and fellowship. There was some concern regarding the fact that this date was also the opening day of the World Series, but the powers-that-be of the baseball world arranged things so that the first game would not be played until Thursday, thereby not interfering with our golf event.

Kenneth Sharpe, Golf Chairman, and his committee put on a really big day for us. There were many fine golf prizes as well as door prizes, and a delicious dinner in the evening. Henry Huntington, our insurance representative, was at his usual post at the 6th hole where he awards prizes every year, and this year he had each player pay a dollar for the chance to win \$2.00 if he made the green in one, \$4.00 if he placed his ball within a designated circle on the green in one, or \$1000 if he made a hole-in-one. In addition, each player received a ticket making him eligible to win a Bell and Howell electric-eye camera with flash attachment and carrying case. Dr. Ed Laskowski was the lucky winner of the camera. Only twelve players reached the green in one and none made the circle or cup. The profits from this event went to the Society's treasury.

These were the winners of the other events of the day: Low Gross: Eugene Mason, 73; E. Flagg, 74; E. Brown, 75; Ben Misantoni, 75; Mims, 76; H. Toles, 77; Landrem, 77; Tashiro, 78; Vondran, 78; R. Flynn, 80; Carl Madda, 81; Fair, 81. Low Net: O. E. Scott, 67; R. A. Urban, 68; Paul Chung, 71; E. Boyles, 72; L. C. Holt, 72; G. Kearns, 74; R. Price, 74; Asche, 75; K. Kellogg, 75; N. M. Maxson, 75; Johnson, 75; Shelhamer, 75.

Following dinner in the evening, President Harold Hayes introduced the Society officers, the Editor of the *FORTNIGHTLY REVIEW*, and Executive Secretary Karl Richardson. Dr. Hayes entertained us with a story which had been shipped in to him via telegram by Dr. Edward W. Luebke from his summer home at Clintonville, Wisconsin. He thanked the donors of the prizes and introduced Golf Chairman Kenneth Sharpe and presented him with a gift certificate. A special trophy donated by President Hayes was presented to Dr. Eugene Mason for his low gross score of 73. The golf prizes and door prizes were awarded and each one present received two booklets on golf and swimming tips. All in all it was a fine day.

Why don't more of you fellows come out to this once-a-year event? You are guaranteed a great day in the open with your fellow dentists whether you play golf or not. Get a group together and plan to be with us next year.

# News and Announcements

## ASSISTANTS, WIVES WELCOME ON OCTOBER TWENTIETH

Miss Archanna Morrison, our dynamic exponent of the positive approach, has asked us to emphasize that assistants, receptionists, and dentists' wives who often double in these roles are most welcome to attend the monthly meeting in the Waldorf Room on October 20th. The meeting starts at 8:00 p.m. with a motion picture program at 7:00 to entertain early arrivals.

## ORAL SURGERY IN GENERAL PRACTICE

Michael Reese Hospital and Medical Center offers a postgraduate course "Oral Surgery for the General Practitioner" as part of its fall postgraduate program. The course will be presented on six consecutive Wednesday afternoons commencing November 4, 1959 and continuing through December 9th, 1959.

The staff will consist of men of outstanding ability from the Oral Surgery faculty of each of the Chicago dental schools.

For further details, write Dental Department, Michael Reese Hospital & Medical Center, 29th & Ellis Ave., Chicago 16, Illinois.

## LON MORREY

Lon Morrey, Editor, of the *American Dental Association Journal*, was elected to Honorary membership in the Association for his many and outstanding contributions to dentistry and to dental editing and writing. Beside his recognition by our own association, Lon was elected to several Honorary memberships in foreign dental societies. We are very proud of Lon and congratulate him on these honors. He was also elected President of the American Association of Dental Editors.

E.E.

## DENTAL ARTS CLUB OF CHICAGO

The first Business and Scientific meeting will be held on October 27, at the Chicago Society Club House, 2222 N. Kedzie Blvd.

An excellent speaker has been selected to present the topic, Oral Medicine.—*Jerome C. Chyrek, D.D.S.*

## OWEN RALL

Owen Rall, attorney for the Chicago Dental Society for the past 14 years and also attorney for the American Dental Association, was elected an Honorary member of the Association at its Centennial meeting in New York. The election took place at the second General Session on Wednesday afternoon and was awarded to Mr. Rall for his outstanding service over the years to organized dentistry. We, in Chicago, are justly proud of the recognition that has come to him and grateful for all that he has done for us. Congratulations, Owen!

E.E.

## EDGAR SWANSON

Dr. Edgar Swanson of Chicago was elected President-elect of the American College of Dentists at its annual convocation in New York on Sunday, September 13th. Edgar has rendered distinguished service to the College as a member of the Board of Regents. We congratulate him on the high honor to which he was elected and wish for him continued success.

E.E.

## A REPRINT FROM THE SUNDAY CHICAGO TRIBUNE

The Chicago Dental Society points out that there are probably more myths existing about dental disease than any other human ailment. To set the record

## Dentists Cite Rep. Marion Burks

State Representative Marion E. Burks of Evanston receives a testimonial letter signed by 67 north shore dentists thanking him for his legislative efforts in behalf of public dental health. Representing the Chicago Dental Society, Dr. James H. Keith makes the presentation while Dr. James N. Lynch, President-elect of the Society and John R. Porter, Society attorney, look on.

Representative Burks was honored for his outstanding work as a member of the Illinois Medical Practice Act Commission and for his efforts toward the adoption of legislation making it more difficult for "unscrupulous people to practice bootleg dentistry."

Work of the Commission is to make recommendations to the Illinois General Assembly regarding the practice of medicine, surgery, dentistry, dental laboratories and other activities affecting the health of the public.

One of the major changes made in the Illinois Dental Practice Act at the recent Assembly is to require that a written work order be given by the dentist to the dental laboratory for all work to be done by the laboratory.

# Editorial

## Effects of New Legislation on You, the Dentist

### Re-registration

In March 1960 you are required by law to re-register with the Department of Registration and Education on payment of a fee of \$6.00, and this must be repeated every two years during March of the even-numbered years; that is, if you re-register March 1960 you will again re-register in 1962, 1964, etc. After March 1960 the Department will send a copy of all dentists registered to the County Recorder, making unnecessary each dentist registering his license with the County Recorder. If you do not register within certain time limits you are subject to loss of license and possible re-examination. If license has expired it can be restored any time within five years by payment of all lapsed fees and a restoration fee of \$5.00.

### Written Work Authorization for Laboratory Work

Every piece of work sent to a dental laboratory must be accompanied by a written work order, filled out in duplicate, one to go to and be retained by the dental laboratory and the other to be retained by the dentist. These written work orders should be retained by dentist and dental laboratory for at least three years and shall be available for inspection by authorized agents of the Department of Registration and Education. Failure to comply by either dentist or laboratory is considered a misdemeanor—the dentist is liable to suspension or revocation of license and the laboratory a fine.

### Phone Book Advertising

A dentist may list only name, address and phone number. A laboratory may list only name, address and phone number. Any other listing will be illegal.

---

(We are indebted to *The Journal of the Hygienists' Association* and Margaret Ryan, Oregon, Associate Editor for the outstanding editorial which we reprint. We thank her for very challenging and thought provoking writing in the July 1959 edition.—E.E.)

## Meaning Through Participation

"We find a meaning in life not by being bystanders, but by becoming participants in the drama of human existence."

FREDERICK MAYER

By participation in our national Association we not only find a meaning in, but give meaning to, our professional life and activities. We depend upon our delegate to the annual meeting of our Association for much of this interaction. This places a great responsibility upon our representative. Through her participation in meetings and discussions our delegate exchanges our ideas and opinions with the views of others. The outcome is an amalgamation of thinking which leads to the creation of activities, solution of problems and stimulation of professional growth.

(Continued on page 18)

## Regular Monthly Meeting of the Chicago Dental Society

Conrad Hilton Hotel

May 19, 1959

President George W. Teuscher called the meeting to order at 8:00 p.m.

Dr. Kritzke moved to dispense with the reading of the minutes of the April meeting. Dr. Ullis seconded and the motion carried. A motion to approve the minutes of the April meeting as published in the May 15 issue of the *FORTNIGHTLY REVIEW* was made and seconded. Motion carried.

Reports of standing committees—none.

Reports of special committees—none.

Unfinished business—none.

New business:

President Teuscher presented each retiring Branch President with a plaque from the parent society as an expression of gratitude for a job well done.

The retiring officers and directors of the Society were then called to the rostrum where Dr. Teuscher presented each with a plaque in recognition of their services: Robert Tuck, Treasurer; James N. Lynch, Secretary; Paul Kanchier, Vice-president; Harold Hayes, President-elect; Eric E. Lindholm, Director from Englewood and O. E. Scott, Director from North Suburban. He personally thanked them and remarked that only one who had fulfilled such an office could appreciate their efforts.

Following this our new officers were presented and installed: Rudolph U. Grieff, Treasurer; Paul Kanchier, Secretary; Robert F. Tuck, Vice-president and Harold Hayes, President. Our new directors—B. H. Jostes of Englewood and Russell Johnson of North Suburban—were then introduced.

As Dr. Hayes was installed, Dr. Teuscher presented a gavel, the insignia of office, and then called Mrs. Hayes to the rostrum where she was given a bouquet of flowers.

At this point Dr. Hayes asked Dr. and Mrs. Ernest Goldhorn to step forward and the flowers were in turn presented to them because, as Dr. Hayes said, were it not for an accident at the 1957 Midwinter Meeting Dr. Goldhorn might well be our President now.

Dr. Hayes then addressed the assembly giving us a forceful and interesting discussion on our aims and problems for the ensuing year.

Dr. Teuscher then introduced Mr. William Nyman of the First National Bank who gave us some very encouraging information on the Dental Budget Plan.

Dr. Tiecke, our Program Chairman, then introduced our essayist, Dr. A. H. Bassman of Milwaukee, who gave us a comprehensive and absorbing discourse on Fixed Bridge Construction. The audience was with Dr. Bassman all the way and this very successful meeting which might have gone into the wee hours adjourned at 11:00 p.m.

Respectfully submitted,  
James N. Lynch, *Secretary*

## West Suburban

Congratulations to Ted Kurtz and Art Skupa on their appointment to full professors at University of Illinois College of Dentistry. Ted received his in Operative Dentistry and Art in Oral Diagnosis. . . . Bob Atterbury, Clarence Hanson, Al Macaluso, Rudy Weihe, Wayne Dunnom, Bob Pollock, Sr., Robert Humphrey, Art Skupa, John O'Connell, Charles Madison, Aphrodite Pappas and Paul Topel attended the New York A.D.A. meeting. Bob Atterbury gave a paper and a clinic and Aphrodite Pappas presented a table clinic on "Interceptive Orthodontics for the General Practitioner and Pulpotomy on Young Pulp." Sorry to report that Paul Topel passed away after his return from the meeting. Our deepest sympathy to his widow, Mabel, and two sons, John P. and Thomas C. . . . Herman Roe and his missus are off to California to visit the grandchildren. They will be gone for two weeks. Nice trip, gramps. . . . Bill Venema is the proud daddy of a baby girl. . . . The Frank Lucatortos and Robert Strenks are infanticipating. The Strenks may be blessed with a second set of twins? . . . Orchids to Frank Lucatorto on a terrific job as ticket chairman for the Loyola Golf Outing. Enjoying a wonderful day of golf were Walter Marek, Bob Strenk, Joe DePinto, William Stoffel, John Esposito, Bob Pollock Sr., Bob Pollock, Jr., Bill Meek, Werner Gresens, Ronald Gresens, Howard Gilbert, John O'Connell, Charles Madison, Al Berley, Frank Huebner, Joe Discipio, Joe Brophy, Jim Ridlen, Bob Musil, Al Gierz, William Aquilino, Ed Kritzke, Marvin Blechman, Joe Van Cura, Joe Restarski and yours truly. . . . Ted Chrobak did a marvelous job with the publicity. There were over 200 golfers. Our own Joe DePinto walked off with one of the trophies. A great day for Loyola and West Suburban too. . . . Joe Discipio is now a resident of LaGrange

Park, Illinois. Joe, Barney Siegrist and Al Gierz attended a 2½ day course on Practice Administration with the Madison, Wisconsin Study Club. . . . While this column is going to press the Chicago Dental Society Golf Outing will be going on. We know that it will be a big success and hope to meet many of you there. . . . Perry Dontist states that "A truth that's told with bad intent, beats all the lies you can invent." . . . Happy Halloween.—*D. J. Catrambone, Branch Correspondent.*

## Englewood

"Gavel-Banger" Joey Plewa

(Who'll be mighty glad to see ya)

Will receive aid in a trice

From Rabishaw (in charge of Vice).

Fear not for your wampum pile

('Twill be guarded by Lew Weil),

While Secretary Bobby Tharp

And Program Chairman Kenny Sharpe

Do pledge themselves, respectively,

To keep your minutes error-free

And bring you first-rate monthly meetings

(You'll love them slides and learned bleedings!)

P.S.

Should you *not* care much for learnin'

But still find you have a yearnin'

To "get out"—then shun your pallet

And just watch Joe swing his mallet.

—author unknown

So-o-o-o, what else is noo? My Awful Wedded Wife has just interrupted my labors (developing an after-shave lotion for peaches, sandpaper and calories) to bring my lunch to me. "What's fer eatin'?" I fondly ask. "Truman turkey [hot dogs], or as I laughingly refer to them, 'The link between man and beast,'" sez the Speaker of the House. Dining daintily despite dental difficulties, and perusing my mail between quaffs from my tankard

of the stuff that *still* is first in Milwaukee, I came upon a letter from Eugene Jaffe telling me that Bob Unger reported that Mal Brooks told him that Ben Jostes had word from Ora Medsker to the effect that Larry Michet is a new daddy. Larry skirted the issue but I do not know her name. . . . Speaking of Eugene Jaffe (and we were, you know), he was one who took my dissertation on doolies of deal construction to heart. Gene phoned the Storm and Strife to report that he has a genuine knotty pine one-holer built right in his new home, complete to a wall-to-wall floor. . . . Joe Ruzic was honored by being asked to appear on the New York program. . . . There seems to be some question as to how much stock Mrs. Kanchier left in the New York stores. Paul sez, "All," but "all" in the Dutch tongue means "dead!" Is your wallet, Paul? . . . "Night of the Round Table" (West Suburban-type, this is) Richard Davido jousted at the Oak Park Club on Oct. 15, entering the lists as a champion of visual aids in dentistry. October 13 saw Dick telling the South Side Dental Assistants a thing or three about controlling them there appointment books. . . . Don Loiben (Loyola '57) has joined his Alma Mammy's faculty as instructor in pedodontics. . . . Larry "Hotsopple" Lucas is getting his Michigan estate "Tooth Acres" ready for winter. . . . Mine Joe (pronounced *Djaughe*) was awarded the beautiful gold "Best Patrol Boy of the Year" medal by the V.F.W., and received the Chicago Motor Club "Service Award" medal for the second

year in a row. O.K., so I'm proud! . . . Stan Pacer dropped in with a box of ceegars and some goodies which I choose not to think on as a bribe. Would I please edit his book, now readying for publication, entitled *How to Preserve Your Teeth*. Thumbing through the opus gave me the sneaky feeling the keynote was "don't talk back to policemen." . . . Oh, oh! I gotta quit—Al Jason just phoned and he *just can't wait* for me to finish my latest work. Just watch (all right, already, Al, I'm going) for it in your record shop. It's called "Concerto for Solo Three-Speed Electric Shaver." —Wittle Wo Waska, Vice Chairman (and I do thank you).

## South Suburban

The kick-off meeting of our 1960 season was a touchdown! There was a wonderful crowd on hand and it looks like a banner year for the South Suburban Branch. It was held at the Lincoln Heights Restaurant on Tuesday, Oct. 6th. Dr. Sajewski spoke on "Dental Radiation." I'm sure that everyone who attended considered his talk alone worth the price of the dinner. . . . Remember that at the next meeting we will have as speaker, Dr. Lester Boyd on "Oral Rehabilitation and Equilibration." The time is Nov. 3rd, at the same restaurant. The following day he will give an all-day seminar at Cherry Hills Country Club. . . . Be sure to attend both. . . . G. Jaffe has enlarged his family by the addition

## BURNING THE MIDNIGHT OIL ?

Eliminate troublesome, time consuming bookkeeping and collection problems. Let The Chicago Dental Society Dental Budget Plan help you as it has so many other dentists in the Chicago area.

For information call the Society Office, Randolph 6-4076.

of a future dentist named Randy, Class of 1985 or thereabouts. Congratulations. . . . Also heard Rosen and Freedman attended the New York meeting together. John Coughlin of Homewood has become engaged and plans to be married in the spring. He has purchased a home in Flossmoor. He and his brother-in-law have taken up flying. They have an airplane which they keep at Markham. . . . Dale Chastek has moved his family to Kankakee where he maintains a second office. . . . I listened to Herb Hammer tell some awful tall fish stories the other day. He and some friends flew into the wilds of northern Canada to fish. I didn't know you could catch whales up there, Herb! . . . Ezio Grossi and Art Chun are attending a Hospital Dental Seminar at the U. of Minnesota on Oct. 25th to 27th. They are going to pick up ideas for equipping the new dental facilities at St. James Hospital. . . . I also heard that Art Chun and Frank Wright are still trying to dry out after witnessing the N.U.-Okla. football game. . . . Now you know how ducks feel! . . . Eric Rhind, Homewood, has gone fishin', up Wisconsin way. . . . C. Folkers told me that he visited Peter Eul, a former supplier on the south side. Peter is retired and living in Ft. Lauderdale at 140 N.W. 20th St. He mentioned to Dr. Folkers that he would like to see any old friends who happen to come down to that area. . . . I happened to hear that the Flossmoor Men's Club practically has been taken over by dentists; Cosgrove, Daly, Flavin, McBride and Wright to name a few. . . . By the way—remember

that this depends on news from the branch members—please call Pilgrim 8-6332 if you see or hear anything. That's all for now.—*Donald H. Murphy, Branch Correspondent.*

## North Side

I want to thank Lee Rosenfeld for the wonderful job he did pinch-hitting for me during my visit to New York. I asked him if he wanted to write another column and got a "no thanks" answer. I wonder why? However, he will write some more later. . . . All you men who missed the ADA Centennial really missed a terrific meeting. Add to previous lists of men present: Ted Gordon, Bill Kurtz, Bill Osmanski, Herb Krummel and Ed Walker. I couldn't possibly see all of our boys who were there, so please let me know if I missed you. I have a 1001 stories to tell of various adventures our boys had in New York. . . . Ted Dubrow swears this happened. At the convention he noticed what seemed to be an argument between a group of Japanese dentists. They kept yelling at each other and then bowing from the waist at the end of each tirade. This continued for about 5 minutes and then Ted thought he might be a peacemaker. He therefore approached the loudest one and after saying "excuse me" also bowed from the waist at the identical time the other did. When he recovered, he had a bump the size of a golf ball in the middle of his forehead. In the fu-

ture Ted, let's leave international affairs to our State Department. . . . A group of boys, Dubrow, Gerber, Jacobson, Bolasny, and Burnell went to a quaint French restaurant and had a deluxe dinner which took over 4 hours. They had 24 roving violinists and were constantly serenaded. The gypsy violinists had the boys crying, but nothing compared to the bawling at the sight of the check. Oh well! . . . Nice Guy Department—Max Chubin's car threw a piston rod near Cleveland. He got to a service station and found out he couldn't use his car for a while. So this attendant gives Max his own car to drive to New York and return it on his way home. No charge and his repairs were very reasonable. How about that? . . . Speaking of driving, two boys were picked up for speeding. Paul Brown was stopped and taken to a J.P. who was a very attractive young lady. He said it was almost a pleasure to pay the fine. Joe Gordon was picked up for speeding

just minutes after they left home on their way to New York. He paid but it wasn't a pleasure. . . . Mentioning Max Chubin brings to mind that his clinic day committee is working overtime putting the final touches on our clinic day. Don't forget to mark your appointment book for Wednesday, November 25, the day before Thanksgiving as it was last year. . . . Now for some local news. Got a very interesting call from ex-North Sider Joe Chulock. He's retired in Florida, was visiting his son in California and stopped off in Chicago for a brief visit. He's a life member and wants me to tell all the boys he is still around and kicking. . . . I got an interesting note from Joe Frey. He just returned from Germany where he attended the European Dental Congress' 100th anniversary. Nice going, Joe, keep it up. . . . Frank Garfin went on vacation but wouldn't tell us where? Where we were, Frank? . . . Field Dept.: Bernie

#### EDITORIAL

*(Continued from page 11)*

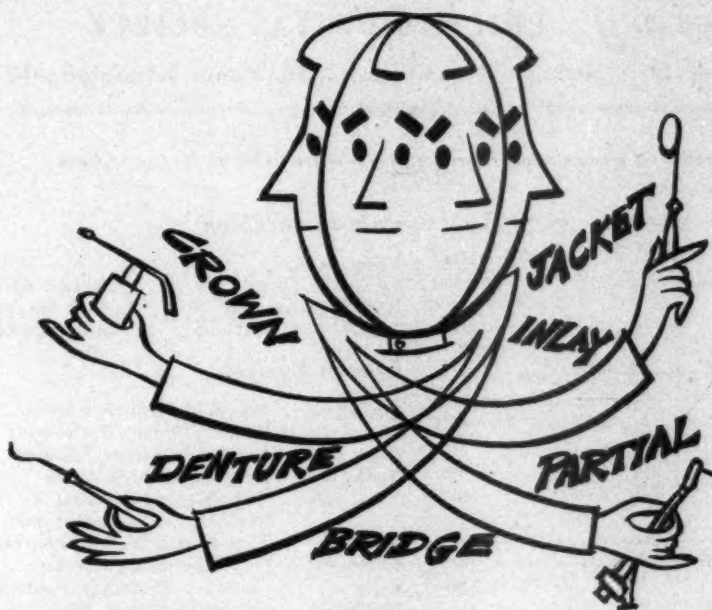

Knowledge is essential for effective participation. Our delegate must perceive the attitudes and opinions of those whom she represents. It is imperative that she become aware of the past, present, and anticipated activities of our Association, as well as its structure and procedures. This knowledge will breed understanding, with resultant objective, intelligent thinking and communication. Reasoned judgments and progressive decisions will be derived from discerning thought. Lack of knowledge will result in misunderstanding, inflexibility and stagnation. Ignorance forces us to rely upon emotions to determine our opinions and govern our actions. Actions ruled by emotionalism and personal prejudice can decimate our Association and our Profession. Knowledge coupled with integrity allows our emotions to be our servants rather than our masters.

Integrity gives knowledge its strength. It will bring to our delegate's decisions the power of our purpose and ideals. By the election of our delegate we are expressing our belief in her abilities and soundness of character, therefore, she must be given the opportunity to let them govern her decisions. It is essential to inform our delegate, but unwise to completely dictate her actions. We want her to weigh all facts and opinions in a given situation, then act objectively and intelligently. She will not be able to do this if we, lacking confidence in her knowledge and integrity, bind her by rigid instructions.

By participating effectively with knowledge and integrity at the annual meeting our delegate will bring to the national Organization a new significance and return with a greater meaning for our professional Association.

Associate Editor

## THE CASE OF DR. BUSY (OR) THE DENTIST WHO DIDN'T EAT LUNCH

3 assistants couldn't have helped poor Dr. Busy, he had so many things to do! It wasn't that he didn't want to eat lunch, he just never could take the time.

Then he decided to let Standard do his restorations, with 42 experienced technicians to help him cope with every prosthesis problem.

Now Standard is reflecting Dr. Busy's skill in the highest quality workmanship. Fast delivery, reasonable prices, convenient location please him too.

Here's good advice:

Don't wait as long as Dr. Busy did to give us a call.

**New "VACALON" Dentures**  
*cured by the electro-vacuum process*

"THE STRONGEST, MOST COMFORTABLE DENTURES EVER PROCESSED"\*  
COMPLETELY NON-TOXIC—NO SHRINKAGE—WATER ABSORPTION 1/2 OF 1%

Vacalon-processed dentures offer comfort, stability, strength and uniform color never achieved by other curing methods. A patented process, it makes possible the electro-vacuum curing of acrylic dentures, reinforced bridgework and jacket crowns. Place your denture orders for Vacalon processing today . . . your requirements will receive expert attention in every detail.

- All toxic, irritating chemicals are removed during cure
- Articulation never destroyed by shrinkage after denture is removed from model
- No reactive chemicals to destroy colors
- No report of a broken denture — ever.
- \*Proved by four years of reliable testing — Harold D. Emerick, Lee J. Hurick, B.S.; Dental Arts Laboratory

#### NEWS OF THE BRANCHES

(Continued from page 18)

Field spent this summer commuting to Michigan City, Arthur Field was visiting in Tucson, Arizona for 6 weeks. Sam Fields is looking for a buyer or an associate for his practice. . . . Harry Hurwitz reports he will take a winter vacation this year. Earl Hullison is on vacation now. . . . Allen Gerber and wife went to Florida for their vacation. . . . Ernie Gillis sold his home and is building a new home in Lincolnshire. . . . Joe Gomberg and his wife spent their vacation at Browns Lake. . . . We heard from Harry Greene of the passing of Morrie Gerry's father. Our sincerest sympathies, Morrie, I know it is a great loss to you. . . . Mel Homer went to Virginia Beach a few times this year. Hirsh Busch was in New York for the week-end. Just visiting!! Phil Green and Irv Gault have no news. I'll end this column with a fabulous story of a North Sider whom I hate to admit will soon be an ex-North Sider. Hank Parkin received a moving traffic violation, which he felt he did not deserve. After getting his court date he went to the point of violation, shot a set of pictures, made a batch of diagrams and posters and upon presentation to the judge, had the case dismissed. How about that!—William Semiloff, Branch Correspondent.

#### Northwest Side

In writing this column we've found that selecting a general theme and weaving a number of unrelated or remotely

\* **Bonded To Members Of The Society**

related facts into its fabric will eventually fill a page in the **FORTNIGHTLY REVIEW**. In this issue we have a number of unrelated facts but the only general theme that comes to mind is "meetings." We doubt the fabric woven will resemble fine silk or a crush-resistant chemical fabric, but even burlap serves a useful purpose, so bear with us, fellows. . . . Don't forget to attend our monthly branch meetings. Better still, send a check in the amount of \$15.00 to Dr. Joe Ulis, 2965 N. Milwaukee Ave., for a season dinner ticket. That way you'll enjoy an evening of socializing as well as picking up a few good ideas you can apply in your dental practice. If you can't find time to attend all the dinners come to as many as you can. . . . The centennial meeting in New York was a huge success from reports we heard from the following men who attended: Dan Klein enjoyed the food at Lüchows, Joe Zielinski was a delegate, Abe Tamarin presented a table clinic, Max Bramer presented a clinic on handicapped children, Ted Weclaw spent his time at the Academy of General Dentistry exhibit, E. Uditsky, John Gates, Ted Ferguson, Wallace Davis and others had a fabulous time enjoying the meeting and the big city life. . . . It appears the North Side branch will concentrate on full dentures for all of their programs this coming year. Ted Gordon the program chairman extends the hand of friendship to ya'll and invites you to attend all four sessions at the Edgewater Beach Hotel. . . . Henry Bogacki's son, Henry, Jr., registered at the U. of I. in Champaign, Ur-

bana this semester. . . . Geraldine Rogalski announced her engagement for a June 1960 wedding. . . . Thad Olechowski's daughter, Nancy, has gone back to Yokosucka, Japan. . . . The Loyola golf outing was a rousing success due in no small part to the efforts of Larry Madonia, acting chairman, Joe Ulis, prize chairman, Lee Schwartz and Henry Bogacki, very hard working committee members. 225 alumni were present for dinner. We hear Larry Madonia enjoyed a European tour this summer. He'll have to tell us more about it. . . . Stan Broniarczyk has been having a little car trouble. They are just not building those Model T's the way they used to. We're just kidding Stan, we knew it was a Model A all the time or was it a 1959 Olds? . . . Jim Hodur's father-in-law passed away. We offer our sincere sympathies to the Hodurs. . . . The Ulis's celebrated their 23rd anniversary by attending a Notre Dame football game. On the return trip they were accompanied by very heavy rains with tornado warnings. Joe says the game was terrific and so was the storm. . . . Did you know that a psychoceramic was a crackpot? . . . Well the fabric is woven and the way we see it is that skirts will be a little shorter this year, but you won't be caught short if you participate in dental society activities.—*V. T. Weclaw, Branch Correspondent.*

**To Every Dentist who purchases  
a Crescent ANNIVERSARY PACKAGE\*  
we will include FREE a DENTIST BANK**

You are familiar with the quality and wide acceptance of Crescent products... To help celebrate the A. D. A. Centennial and enable you to combine thrift with fun... we have prepared the 100th Anniversary Package.

Well known to collectors of antique mechanical banks is the amusing 19th Century "Dentist Bank". Made of cast iron entirely by old hand processes, painted in many colors, originals today bring as high as \$500 when they can be located.

Crescent has ordered a limited supply of authentic reproductions duplicating the original as closely as possible. Here, indeed, is a real "conversation piece" that belongs in every dental office. It's colorful, attractive, fun to operate, and an appropriate souvenir you and your patients will truly enjoy.

One of these desirable Dentist Banks will be included FREE with every Anniversary Package. Worth approximately \$15, it is sure to become a collector's item. Get this handsome, historical, mechanical bank for your office.

of Dentists' Golf Soiree. A division of the men from the boys was made by Doctors Lasater and Freeman when they distinguished themselves by using but 78 swipes. This duo was further split by a draw of the cards—Lasater dealing from the bottom to oust Art and thus standing alone as low gross. Low Net, the free-for-all for the peasants, was stolen by D. Cook who had previously deduced which windows were to be cut in the Peoria overlay. The thinking man, however, was Pinky's boy, Corvin, Jr., who took home some \$25.00 by standing alone in the Blind Bogey. All this frivolity occurred at Thorngate Country Club on the 1st of October. . . . Several of our members attended the Series game on the same day—Doctors Stine and Olsen to mention but two—lucky boys in Veeck's Lottery held several weeks ago. . . . We go to press with the very sad news of the fractured ankle of one of our most illustrious *Pre-Dental* students at Northwestern University—Dick Thornton.—Mrs. K., Branch Correspondent.

## Kenwood-Hyde Park

The first part of this column will probably read like the New York edition of the Kenwood-Hyde Park branch. The great centennial meeting was very well attended by many of our group. As far as I have been able to find out, the following men were there: Bob Wells, Bob Kreiner, Rudy Grief, Elmer Ebert, Ben Klavan, Asher Jacobs, Howard Harvey, Willard Johnson, Larry Johnson, Jack Sarnat, Ben Herzberg, Isamu Tashiro, and Milton Sondell. . . . I'm sure there were others, so if I inadvertently neglected to mention any one please let me know. Boy oh boy! It's so hard to get news from you men. Please take a moment right now, while reading this column, to phone me and give me any other news you might have. . . . I understand everyone had a marvelous time enjoying the fabulous dining and theatre that New York has to offer. . . . Bob Wells was the only man able to get tickets for "Red Head." Not

only that but he even got extra ones. Is it really true that Gwen Verdon likes only "elderly men?" and that's how Robert got the tickets. . . . There are several congratulations in order: Robert Wells (this sounds like an all-Wells column) was unanimously re-elected to a second term as trustee from our district, to the A.D.A. . . . . Walt Dundon was elected to the Council on Dental Education. . . . Bob Kreiner was elected to the Council on Dental Research . . . Ben Klavan was in New York attending the Academy of Periodontology. Incidentally, have you ever watched a new network show on television called "Who Pays?" It's a clever panel show and Ben's brother who is a disk jockey in New York is one of the panelists. . . . Bob Pinkerton's son who is a dentist in the Navy has just been assigned to an aircraft carrier, and is now starting out on a cruise of the Orient. . . . Bob and Dave Handler were also at the A.D.A meeting and spent an enjoyable time together with their respective wives. . . . Elmer Ebert and Asher Jacobs are going to lecture in downstate Illinois on dental legislation, and The Dental Service Corporation (whatever that is). . . . Frank Orland, the director of Zoller Clinic has been really busy. He has been acting as host to 15 visiting dentists from western Europe, as well as playing a large part at a recent symposium at Ohio State. The meeting at Ohio was to gather and analyze material for a statistical approach to the entire problem of dental caries. . . . We were all saddened and shocked to hear about the terrible accident recently suffered by the Klebansky family. We extend our deepest sympathy to Aaron on the loss of his wife, and all send our very best wishes for his own recovery. Mere words are always inadequate at times like this, but I am sure he knows our feelings. . . One last word. Don't forget the November meeting of Kenwood-Hyde Park at the Del Prado. Jean and his program committee have worked so hard to make this a good year. Support him, and do yourself some good too by attending the meetings.—Stanly R. Korf, Branch Correspondent.

there's  
only..

Yes, there is only one complete practice management service. Nationwide, PBP has been the choice of thousands of successful dentists for over 30 years. Enjoy the benefits of personalized service acclaimed by dentists everywhere. Build and manage your practice, increase production and income, and have more time to spend and enjoy with your family.

You owe it to yourself to learn more about PBP. Send for our free booklet, "PBP . . . What it is . . . What it does." Fill out the coupon below and mail today.

#### NEWS AND ANNOUNCEMENTS

(Continued from page 8)

straight, the society has compiled the following fallacies [those false ideas that spread so fast] and facts:

**Fallacy:** Pregnancy causes tooth decay.

**Fact:** Any increase in decay during pregnancy is probably due to an unsupervised diet and neglect of proper mouth hygiene.

**Fallacy:** A mother loses a tooth for every child born.

**Fact:** There is no foundation for this statement.

**Fallacy:** The unborn child absorbs calcium from the teeth of the mother.

**Fact:** Studies have shown that a pregnant woman's teeth do not release calcium or other elements for the benefit of the developing child.

**Fallacy:** The mother's diet before the baby is born determines whether or not the child will have good, well-formed teeth.

**Fact:** An expectant mother needs a balanced diet for her own health and for the health and growth of the unborn child. Adequate supplies of calcium and minerals are needed for the developing teeth and bones but other factors, hereditary and environmental, also affect the size, shape, and arrangement of teeth.

**Fallacy:** There is no need to fill cavities in primary teeth because they will be replaced anyway.

**Fact:** It is just as important to fill cavities in primary teeth as in permanent teeth. The primary teeth are needed for

chewing, for speech, and to maintain the shape of the jaws so that the permanent teeth will erupt in position.

**Fallacy:** Six-year molars are eventually replaced by permanent teeth so they need not be cared for.

**Fact:** Six-year [first permanent] molars are permanent teeth and are not replaced, except by artificial teeth.

**Fallacy:** When a toothache occurs, it is too late to save the tooth and it must be removed.

**Fact:** Sometimes this is true, but most of the time the tooth can be saved by proper treatment.

**Fallacy:** Toothbrushing prevents the deposit of tartar on the teeth.

**Fact:** It is unlikely that brushing will completely prevent the deposit of tartar or that it will remove hardened tartar from the teeth.

#### NAVAL RESERVE MEETING

U. S. Naval Reserve Dental Units 9-2, 9-3 and 9-5 will hold their October meeting on Friday, October 23rd, at the Naval Armory, foot of Randolph Street, 8 p.m.

Speaker for this meeting will be Dr. Allan Doner; his subject, "Clinical and Laboratory Tests in Oral Diagnostic Procedures."

## DENTAL TEACHERS INSTITUTE

Educators from 25 U. S. colleges of dentistry last month attended an 11-day institute for dental teachers at the University of Illinois College of Dentistry. The institute was the first project to be conducted by the college under a \$110,400 grant from the W. K. Kellogg Foundation for developing a dental teacher education program.

# HELP US KEEP THE THINGS WORTH KEEPING

It's good to be a boy, exploring the wide world, soaking up wonderful new sounds and sights everywhere you go. And if the world's a peaceful place, it's good to grow up, too, and become a man.

But will the world stay peaceful? That depends on whether we can keep the peace. Peace costs money.

Money for strength to keep the peace. Money for science and education to help make peace lasting. And money saved by individuals to help keep our economy strong.

Your Savings Bonds, as a direct investment in your country, make you a Partner in strengthening America's Peace Power.

The Bonds you buy will earn good interest for you. But the most important thing they earn is peace.

Think it over. Are you buying as many as you might?

## HELP STRENGTHEN AMERICA'S PEACE POWER BUY U. S. SAVINGS BONDS

## Natural Tooth Enamel

The Kramer Automated Electronic Porcelain Firing Furnace makes possible the most naturally beautiful ceramic crown and bridge dental restorations ever known for the dentist.

This is now achieved through precise control of vacuum in *absolute* correct ratio with temperature rise.

The durable qualities of such finely fired porcelains result from controlled tempering after final firing.

It is truly man's nearest approach to the creation of natural tooth enamel and a major contribution to the dentist's answer regarding his "Magnificent Challenge" in the great arts of Dentistry.
